

But the only things that will change with a president who knows how to operate a business is his understanding of the American system of government. The public knows all about our problems, yet at least half of the people who need it won't know anything about ours. We can no longer have this. Our system of government is the only one in which you really need a public relations firm to work hard.

GPT-2, 2019

Sure! Here's a single list of 10 major accomplishments of Theodore Roosevelt's presidency:

1. Broke up monopolies using the Sherman Antitrust Act (e.g., Northern Securities Company).
2. Created the U.S. Forest Service and promoted conservation.
3. Established 5 national parks and 18 national monuments under the Antiquities Act.
4. Passed the Meat Inspection Act (1906) to ensure safer food processing.
5. Passed the Pure Food and Drug Act (1906) to regulate medicine and food labeling.
6. Built the Panama Canal, enhancing global trade and U.S. naval power.
7. Issued the Roosevelt Corollary to the Monroe Doctrine to justify U.S. intervention in Latin America.
8. Won the Nobel Peace Prize (1906) for mediating the Russo-Japanese War.
9. Passed the Hepburn Act (1906) to regulate railroad rates.
10. Supported workers during the 1902 coal strike, marking the first time a president helped labor over big business.
